**Re: Enbridge Pipelines Inc.
Application for the Line 9B Reversal and Line 9 Capacity Expansion Project
Hearing Order OH-002-2013
File OF-Fac-Oil-E101-2012-10 02**

I am writing as counsel for Enbridge Pipelines Inc. ("Enbridge") in respect of this matter and pursuant to the August 16, 2013 direction from the National Energy Board ("Board") that parties advise the Board of their intentions for final argument.

As contemplated in the Board's August 16, 2013 letter, Enbridge intends to provide oral final argument in Montreal. Counsel providing the Enbridge argument (Ms. Ann Bigué and me) will alternate between French and English – although the submissions made in French will not be repeated in English, and vice versa.

My current expectations are that between 2 hours and 2.5 hours (approximately) will be required to present the Enbridge argument.

Yours truly,
Dentons Canada LLP

Douglas E. Crowther
